Comments about Valves EP (Part 2) - Nelman

Steep

Part 2 is a direct extension of Part 1 and completes this techno/trance EP duo. The "Valves" tracks are directly inspired by the filtered bass progressions of the Nukleon EPs and this can easily be heard in the width and depth of the sound. Nelman calls this his "synthesised techno style". Contrastingly the "Noise" and "Noiseless" tracks found their inspiration from Pressure Funk's late 90's smash "Twisted Funk / Voices EP" and exhibit the Jeff Mills "fast and dirty" technosity vibe. So all in this is "something old-skool and something new"!
