## Comments about **Tudor Rose / Submerge** - Capone

Tygolar

Whilst 'Tudor Rose' is an absolute classic, it's all about 'Submerge' on the flip side for me. An atmospheric roller of epic proportions.

Bele

i used to play this out, absolutely amazing from Dillinja.

Kefrannan

Tudor Rose and Submerge are both great tracks, my favourite being Submerge which has a great groove to it and tons of hard electro funk. More killers from Dillinja, who was still making seriously good music at this point in his incredible career.

greed style

yet another banger from dillinja~ 5/5

WinDImmortal

The words at the beginning of Tudor Rose are from Shakespeare's Othello.

Lynnak

This track is one of my favorites right now. With a sick intro of a man speaking( something I cant quite understand where its from ) then into a nice what sounds like a guitar line and rolling into fat fast drums and bad ass bass. A must have for jungle djs. I still dont have it but feel that way strongly. If you have the means I highly recommend picking one up.
